

WaterConnect

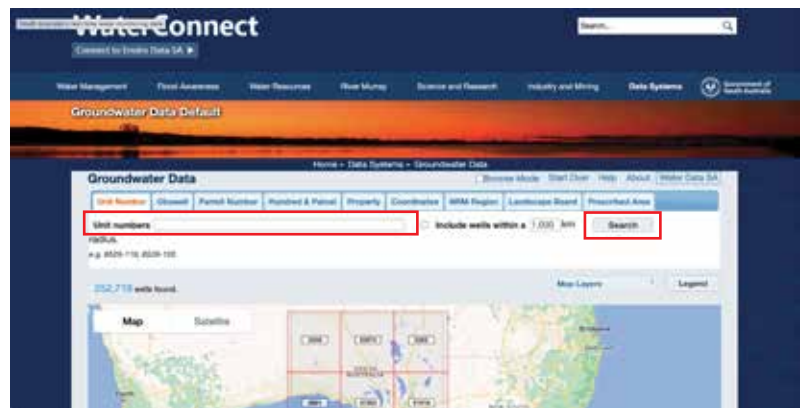

How to locate ground water results

1. Navigate to the WaterConnect website:
<https://www.waterconnect.sa.gov.au>

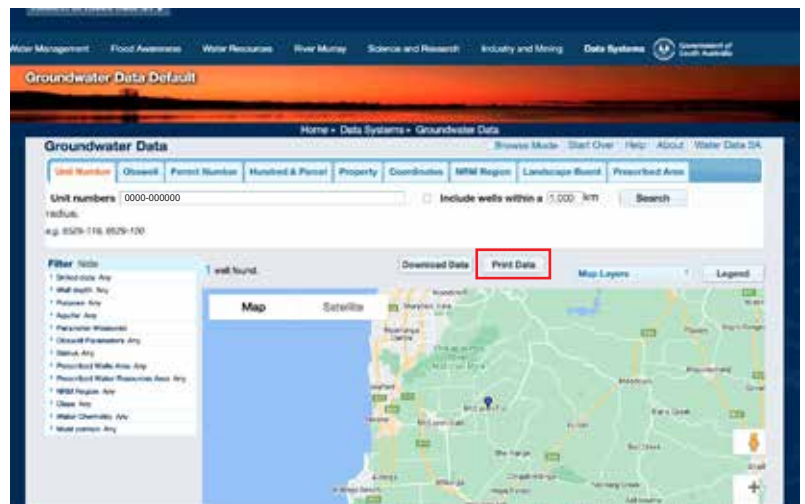

Click on link **'find information about wells, drillholes, bores'** from the left navigation.

2. Enter the unit number of the ground water source on your licence and click 'search'

3. Once you've located the relevant ground water source, click 'Print Data'.

4. A pop up box will appear.

Click 'Print Grid' to save the table of results in a downloadable PDF format.
